### DPI (Digital Projected Images) Competitions

DPI (digital projected images) competitions are one of our photo club competition judging categories along with small prints. Essentially the same judging rules apply as in those other categories.

It's easy to do and is really convenient with no cost for materials. Here are the steps you'll need to follow for DPI submissions:

#### 1. Create up to four JPGs

Each JPG should have a **maximum** Size of 768 pixels **High** by 1024 pixels **Wide**. Its ok if one dimension has less Pixels. Optionally, you can include a 10 pixel White boarder within the Maximum Dimensions. To do that the Image should be sized to 758 x 1014

See the separate PDF named "**Instructions for Preparing CACCA DPI Entries**" for details on how to size photos and create boarders using Photoshop. (also applies to

Before adding the 10 pixel white boarder. Again it's ok if one dimension is less. The Image maximum size must be constrained by 768 High by 1024 wide when complete. I.e. 714X1024 is ok 768X 963 is ok ---**793X1024 is not ok**

#### 2. Rename each file to match our naming rules

#### 032-LastF0000-C#-imagename

Where:            *"032" is our CACCA club number*  
                      *"Last" is the first four letters of your last name*  
                      *"F" is the first initial of your first name*  
                      *"C" is your competition class (A or B)<sup>1</sup>*  
                      *"#" is the image number*  
                      *"imagename" is the name of your image*

Here are examples of four images submitted by George Cisko in Class A:

032-CiskG0000-A1-Flowers  
032-CiskG0000-A2-Just In Time  
032-CiskG0000-A3-The Mirage  
032-CiskG0000-A4-Morning Sunshine

3. **Email the photos as attachments**

**To:**[46encore@gmail.com](mailto:46encore@gmail.com)  
**Subject:** JPGs

Please make sure that I acknowledge receiving your images. In the past I had someone send me images and they went into my spam folder and I missed the images. I was told in the middle of the competition that his images were missing. There is no way to include additional images during a competition. It would be possible to submit makeup images during the next competition (unless its competition #4). Makeup images are scored but not included in honors. (HM, AW or BOS)

4. **If you want to make changes after sending emails, send new ones.**

E-mail the new images and I will send you an e-mail telling you that I received them and made the change. If I did not send you an e-mail I might not have caught it.
